Leaving a Creative Mark on the Community

Creation of murals at the local youth centre

One of the highlights of the program was the creation of several murals at the local youth centre in Peniche, in collaboration with Associação Juvenil de Peniche, inspired by the creative brainstorming the participants took part in beforehand. It wasn't just about adding colour to a wall; it was about leaving a lasting message, something the community could connect with and enjoy long after the exchange ended. Working together, the participants turned their artistic skills into a powerful form of storytelling and made a huge impact on the local community. The walls create a more fun and vibrant environment for the children to grow up in.

The Challenge

Four walls of the past time activity room in the Youth Centre. A place where young kids come to spend their time after school and asking for a much needed renovation.

The Process

The End Result
